CAREER
TRANSITION
PROGRAMME

PROGRAMME OVERVIEW

The UEFA Career Transition Programme (UEFA CTP) is a unique vocational programme for players who are either reaching the end of their playing career or have recently retired and need to plan for their professional future.

The programme features talent tests, self-assessments, interviews, case studies and role play to help you analyse your strengths and personality. UEFA experts will present a variety of professional openings and share their insights and knowledge in a series of interactive presentations.

As a highlight of the course, former professional players will share inspiring stories about how they successfully managed their own career transition.

At the end of the programme, you will carry out an engaging case study featuring real-life situations so that you can narrow the field. UEFA experts will also help you identify the next step and draw up a career action plan.
