UEFA CFM OPEN EDITION WHO'S WHO

ACADEMY

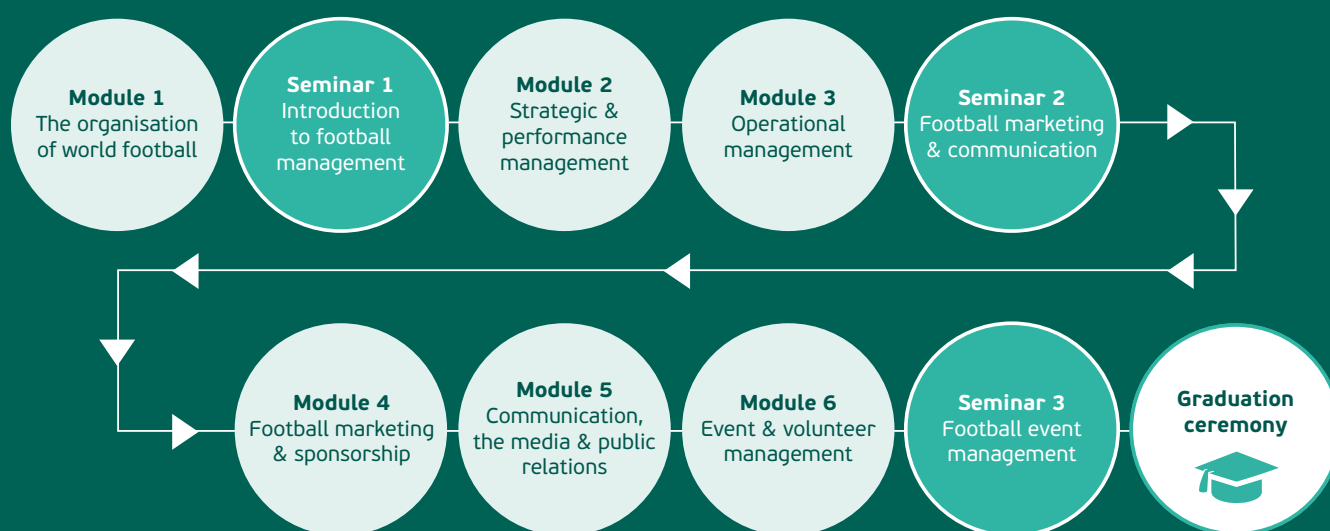

CFM

PROGRAMME OVERVIEW

The UEFA Certificate in Football Management (UEFA CFM) is the must-have foundation programme for anyone working in a football organisation who wants to gain a comprehensive understanding of how the game is managed.

UEFA has been successfully delivering the UEFA CFM across Europe since its launch in 2010 to the staff of UEFA's member associations with now currently over 1,000 graduates. As a result of great interest in the programme from a wider audience, this will be the first UEFA CFM open edition with participants working in the industry but outside the national associations, who will benefit from the programme.

The blended-learning approach of the UEFA CFM, comprising a mixture e-learning and face-to-face seminars, has been carefully designed with the Swiss Graduate School of Public Administration (IDHEAP) and leading experts to ensure the highest quality programme. There are six online modules and three face-to-face seminars each addressing a key area of football association management while providing the essential knowledge needed for people working in the football industry.
